FOR IMMEDIATE RELEASE  
9 A.M. EDT, March 1, 2006

## **NEW FINE ART PHOTOGRAPHY NOW AVAILABLE ON-LINE**

NISKAYUNA, NY, MARCH 1, 2006: Victor Grant has been making fine art photographs for over 30 years, showing his works at various venues around the Capital District of NY. By arrangement with Mark Anderson, owner of Focus On Fun Photography, Victor Grant's fine photographs are now available on-line.

Grant says, "Adding an on-line store now makes my works so much more accessible. Customers can view my art galleries at their convenience and make their purchases on-line." Anderson, says, "By making Victor's fine art available through our website ([www.FocusOnFunPhotography.com](http://www.FocusOnFunPhotography.com)), our customers now have access to a wider range of products and services. In addition to our wedding, portrait and event photography, our clients can select from a broad assortment of fine art photographs. Whether decorating home or office, wall art makes a fine investment.

**ON-LINE ORDERING FOR CUSTOMER CONVENIENCE**

TO BETTER SERVE OUR CUSTOMERS, they can now place their orders on-line. From their website, Anderson says, "customers can browse from among the photographic offerings in several categories, select the desired prints in the proper sizes and submit their order. Their prints are then shipped directly to them". "Previously, people had to visit one of my exhibits or make an appointment to view my works." says Grant. "Now they can use the internet and see all of my art works all in one place!"
